

Program 6 <sup>th</sup> EWDA SC Workshop			
	<b>Overview: Speakers and talks</b>		
	<b>Speaker</b>	<b>Type of talk</b>	<b>Topic</b>
	Dr. Katinka de Balogh (FAO, Italy)	Keynote talk 1	<i>Emerging diseases and food security: looking into the future</i>
	Prof. Jan Semenza (ECDC, Sweden)	Keynote talk 2	Drivers of infectious disease threats in Europe and how to deal with them
	Prof. Albert Osterhaus (Erasmus MC, The Netherlands)	Keynote talk 3	<i>Human drivers on viral evolution and emergence, what to expect in the future? (Are we prepared for what we may cause?)</i>
	Prof. Christian Gortazar (IREC, Spain)	Lecture 1	<i>Wildlife management: Anthropogenic factors of spillover, spillback and persistence of disease</i>
	Dr. Gabor Czirjak (IZW, Germany)	Lecture 2	<i>Anthropogenic drivers of wildlife disease emergence: an immunological perspective</i>
	Prof. Marc Artois (VetAgroSup, France)	Lecture 3	<i>Ethics, Social Science and Policy: Breaking more than just the species barrier?</i>
	Dr. Leslie Reperant (Viroscience Lab, The Netherlands)	Lecture 4	<i>Human host and pathogen evolution: predictably unpredictable?</i>
	Prof. Dolores Gaviera-Widén (National Veterinary Institute, Sweden)	Lecture 5	<i>Early detection and characterization of emerging diseases: the fascinating role of pathology</i>
	Dr. Francois Diaz (OIE, France)	Lecture 6	<i>OIE activities related to wildlife and biodiversity</i>
	Dr. Katinka de Balogh	Short talk 1	<i>Introduction of FAO</i>
	Prof. Jan Semenza	Short talk 2	<i>Introduction of ECDC</i>
	Prof. Albert Osterhaus	Short talk 3	<i>Background of Ebola epidemic</i>
	Dr. Gabor Czirjak (IZW, Germany)	Short talk 4	<i>Introduction of IZW</i>
	Prof. Christian Gortazar (IREC, Spain)	Short talk 5	<i>Introduction of IREC</i>

<b>Program in detail</b>				
<b>L=Lobby</b>				
<b>R= Restaurant</b>				
<b>LH=Lecture Hall</b>				
<b>SR=Seminar rooms</b>				
<b>U=Upstairs</b>				
<b>D=Downstairs (fireplace room)</b>				
<b>Thursday 26th March 2015</b>				
<b>Time</b>	<b>Place</b>	<b>Activity</b>	<b>Presenter</b>	<b>topic</b>
11:30	L	Registration		
12:00	R	Lunch		
13:00	LH	Student mixer (registration continues)		
15:30	L	Tea break		
16:00	LH	Opening		
16:10	LH	Presentation		<i>History of Fondation Merieux</i>
16:25	LH	Presentation	Dolores Gavier-	<i>Introduction of the WDA,</i>
16:40	LH	Short talk 1	Katinka Balogh	<i>Introduction of FAO</i>
16:50	LH	Keynote lecture 1	Katinka Balogh	<i>Emerging diseases and food security: looking into the future</i>
17:50	LH	Short break		
18:00	LH	Lecture 1	Christian Gortazar	<i>Wildlife management: Anthropogenic factors of spillover, spillback and persistence of disease</i>
19:00	LH	Dinner		
20:00	R	Science trivia night		

Friday 27th March 2015				
Time	Place	Activity	Presenter	topic
08:00	LH	Opening		
08:10	LH	Student session 1		
08:50	LH	Lecture 2	Gabor Czirjak	<i>Anthropogenic drivers of</i>
09:40	LH	Student talk 1	Kim Grützmacher	<i>Using a Field Laboratory as Preventive Measure to Protect Wild Habituated Great Apes from Anthropozoonotic Respiratory Infection</i>
09:55	L	Coffee break		
10:15	LH	Short talk 2	Jan Semenza	<i>Introduction of ECDC</i>
10:25	LH	Keynote lecture 2	Jan Semenza	<i>Drivers of infectious disease threats in Europe and how to deal with them</i>
11:25	L	Short break		
11:35	LH	Student session 2		
12:15	LH	Lecture 3	Marc Artois	<i>Ethics, Social Science and Policy: Breaking more than just the species barrier?</i>
13:05	L	Lunch		
14:30	LH	Dynamic Slide show		
15:10	LH	Poster presentation		
16:00	L	Tea break		
16:20	LH	Student Session 3		
17:00	LH	Lecture 4	Leslie Reperant	<i>Human host and pathogen</i>
17:50	L	Short break		
18:00	LH	Short talk 3	Albert Osterhaus	<i>Background of ebola</i>
18:15	LH	Presentation	Catharina, Miguel	Introduction of country rep system, open positions, election of new student board etc.
18:30	LH	Professional panel discussion		<i>"Women in science" etc.</i>
19:15	L	Dinner		
20:30		Movie night		

Saturday 28th March 2015				
Time	Plac	Activity	Presenter	topic
08:00	LH	Opening		
08:10	SR	Group working part 1		
10:00	L	Coffee break		
10:20	SR	Group working part 2		
12:20	R	Lunch		
13:50	LH	Student talk 2	Helen Esser	<i>Host-parasite coextinction: evidence from tick-host</i>
14:05	LH	lecture 5	Dolores Gavier-Widén	<i>Early detection and characterization of emerging diseases: the fascinating role of pathology</i>
14:55	L	Short break		
15:00	LH	Student session 4		
15:40	LH	Presentation	Christian Gortazar	<i>Scientific presentation session</i>
16:15	LH	Tea break		
16:35	LH	Student session 5		
17:25	LH	Short talk 4	Gabor Czirjak	<i>Introduction of IZW</i>
17:40	L	Short break		
17:50	LH	Presentation	Christian Gortazar, Lidewij, Leslie Reperant	<i>Science as career - introduction</i>
18:40	LH	Professional panel discussion		<i>How to start a career in science and government agencies; Applications, Interviews etc.</i>
19:20		Preparation for student act-out & banquet		
20:30	D	Final Banquet incl. Auction		

Sunday 28th March 2015				
Time	Place	Activity	Presenter	topic
08:30	LH	Opening		
08:40	LH	Student act-out		Presentations of small group working sessions
09:50	LH	Short talk 5	Christian Gortazar	<i>Introduction/research focus of IREC</i>
10:05	L	Coffee break		
10:25	LH	Student session 6		
11:10	LH	Keynote lecture 3	Albert Osterhaus	<i>Human drivers on viral evolution and emergence, what to expect in the future? (Are we prepared for what we may cause?)</i>
12:10	R	Lunch		
13:10	LH	Student session 7		
13:50	LH	lecture 6	Francois Diaz	<i>OIE activities related to wildlife and biodiversity</i>
14:40	L	Short break		
14:50	LH	Closing session	Lidewij	<i>What have we learned'</i>
15:20	LH	Professional panel discussion		<i>Resume, open questions to speakers, critique etc.</i>
15:50	LH	Closure		
16:00		Workshop ends
